spectacular and terrifyingly true owen jones thought provoking and funny the times up to 40 of us secretly believe our jobs probably aren't necessary in other words they are bullshit jobs this book shows why and what we can do about it in the early twentieth century people prophesied that technology would see us all working fifteen hour weeks and driving flying cars instead something curious happened not only have the flying cars not materialised but average working hours have increased rather than decreased and now across the developed world three quarters of all jobs are in services finance or admin jobs that don't seem to contribute anything to society in bullshit jobs david graeber explores how this phenomenon one more associated with the soviet union but which capitalism was supposed to eliminate has happened in doing so he looks at how rather than producing anything work has become an end in itself the way such work maintains the current broken system of finance capital and finally how we can get out of it this book is for anyone whose heart has sunk at the sight of a whiteboard who believes workshops should only be for making things or who just suspects that there might be a better way to run our world

our summary is short simple and pragmatic it allows you to have the essential ideas of a big book in less than 30 minutes by reading this summary you will discover what dumb jobs are and their consequences on workers and the labour market you will also discover how to recognize a stupid job the consequences that these jobs have on those who do them what their origin is and why they seem to multiply what are the alternatives and solutions if you have such a job the expression bullshit job was popularized by david graeber a leading figure in the occupy wall street movement and author of the best selling bullshit job according to this american anthropologist 40 of jobs would be useless and could disappear without making any difference worse the stupid jobs could even prove harmful to the economy and the mental health of those who do them the expression has now become popular many books and studies have been devoted to stupid jobs thus they would pave the way for boring out the boredom experienced at a pathological level at work and brown out the loss of meaning at work what are the alternatives and solutions to this scourge buy now the summary of this book for the modest price of a cup of coffee

from david graeber the bestselling author of the dawn of everything and debt a master of opening up thought and stimulating debate slate a powerful argument against the rise of meaningless unfulfilling jobs and their consequences does your job make a meaningful contribution to the world in the spring of 2013 david graeber asked this question in a playful provocative essay titled on the phenomenon of bullshit jobs it went viral after one million online views in seventeen different languages people all over the world are still debating the answer there are hordes of people hr consultants communication coordinators telemarketing researchers corporate lawyers whose jobs are useless and tragically they know it these people are caught in bullshit jobs graeber explores one of society s most vexing and deeply felt concerns indicting among other villains a particular strain of finance capitalism that betrays ideals shared by thinkers ranging from keynes to lincoln clever and charismatic the new yorker bullshit jobs gives individuals corporations and societies permission to undergo a shift in values placing creative and caring work at the center of our culture this book is for everyone who wants to turn their vocation back into an avocation and a thought provoking examination of our working lives financial times

the scholarly discipline of bullshit studies has blossomed in the last several years fertilized by a number of critical works on the subject and the growing importance of the issue across a wide range of professions now best selling author and lifelong practitioner stanley bing enters the field with a comprehensive look at the many attractive jobs now available to those who are serious about their bullshit and prepared to dedicate their working life to it what bing inquires do a feng shui consultant new media executive wine steward department store greeter and vice president of the united states have in common what too are the actual duties performed by a mckinsey consultant other than sitting around making people nervous could that possibly be his core function likewise what does an aromatherapist actually do per se sniff things and rub them on people for big fragrant bucks is that all the answer in all cases is yes they all have bullshit jobs these few of course are just the beginning across the length and breadth of this shrinking globe skillful bullshit artists have secured pleasant lucrative employment and are enjoying themselves more than you are in virtually every occupation from advertising to yoga

franchising lucky individuals who work in these coveted positions enjoy the best lives imaginable they are paid well they rarely break a sweat and their professions are highly respected because nobody really knows what they do at once funny useful and tolerably philosophical this groundbreaking work takes a close look at 100 bullshit jobs the money they bring with them the actual tasks and activities involved if any and famous and successful examples of each position who will provide the neophyte with inspiration most crucially bing goes on to offer what others so far have not a clear concise strategy to help job seekers at every level reach for that brass ring knowing full well that it may be attached to the nose of a bull

bullshit jobs summary david graeber s book meaningful job meaningful work david graeber bullshit jobs book summary the term bullshit job made a real impact when it first appeared and for good reason more and more people today have pointless jobs they get paid to do nothing they re totally bored they have to figure out how to deal with incompetent or narcissistic bosses they drown in paperwork and they have mindless tasks to perform quite frankly this work shouldn t exist at all these so called jobs aren t worth it they can even be dangerous any rational ceo would eliminate them altogether so how do you explain their proliferation why does everyone bury their heads in the sand and just treat it as a given why does voluntary slavery exist and why is there such widespread resentment are you a victim of the global conspiracy this koob will open your eyes to what s really going on why read this summary save time understand the key concepts notice this is a be fearless summary david graeber book not the original book

is work a primordial curse or a spiritual calling or is it a tedious necessity that technology will abolish freeing us to indulge lives of leisure in this book david a spencer argues that work is only an alienating burden because of the nature of work under capitalism he makes the case not for the abolition of work which can remain a source of meaning and dignity but for its lightening engaging with thinkers ranging from marx and william morris to keynes and graeber he rejects the idea that high quality work can only be open to a few while the majority are condemned to menial tasks and sets out an agenda for shortening the working week while also making work a site of creativity usefulness and joy for all this erudite book sets out a compelling agenda for radical change it s essential reading for anyone interested in the future of their work

complete summary of david graeber book bullshit jobs about the original book in 1930 economist john maynard keynes predicted that by the end of the century we would all be working fifteen hour weeks but then something strange happened the average working hours have grown rather than reduced in recent years and now three quarters of all occupations in the industrialized world are in services or administration positions that don t appear to give value to society bullshit jobs david graeber s book bullshit jobs investigates how this issue more identified with the soviet union in the twentieth century but which capitalism was intended to eradicate came to be he examines how we value labor and how rather than being productive work has become a goal in itself how much work perpetuates the existing dysfunctional financial capital system and eventually how we might break free

a fascinating look at the rise of minimalist self help showing how it depoliticizes middle class frustrations with capitalist exploitation and proposes a cultural strategy to channel minimalist desires into a more radical postgrowth politics

get up to speed quickly with generative ai ai tools like chatgpt and gemini automated coding tools like cursor and copilot and countless llm powered agents have become a part of daily life they've also spawned a storm of misinformation hype and doomsaying that makes it tough to understand exactly what generative ai actually is and what it can really do introduction to generative ai second edition delivers a clearly written survey of generative ai fundamentals along with the techniques and strategies you need to use ai safely and effectively in this easy to read introduction you'll learn how large language models llms work how to apply ai across personal and professional work the social legal and policy landscape around generative ai emerging trends like reasoning models and vibe coding introduction to generative ai second edition guides you from your first eye opening interaction with tools like chatgpt to how ai tools can transform your personal and professional life safely and responsibly this second edition has been completely revised to reflect the latest developments in the field from the latest innovations in prompt engineering and ai agents to fresh coverage of multimodal training reasoning models no code tools retrieval augmented generation rag and more about the book introduction to generative ai second edition is an up to date guide to the capabilities risks and limitations of tools like chatgpt gemini and claude this easy to follow guide moves quickly through the basics giving you the skills and understanding to use ai with confidence along the way you'll explore how ai is impacting even established industries with an expert level look at global investment in ai ai education policy ai's economic impact and the ongoing legal and ethical issues of ai usage about the reader for anyone interested in generative ai no technical experience required about the author numa dhamani is a natural language processing expert working at the intersection of technology and society maggie engler is an engineer and researcher currently working on safety for large language models

are you stuck in a job that makes you feel useless drained or invisible are you in a bullshit job explores the hidden epidemic of meaningless work and reveals why so many modern jobs leave people questioning their purpose drawing on research real world examples and hard hitting analysis this book exposes the economic psychological and societal costs of work that contributes little to nothing you will discover why these jobs exist how they affect your life and what you can do to survive navigate and escape them this book offers practical strategies to reclaim meaning boost your fulfillment and create work that actually matters it is both a wake up call and a guide to building a life where your time and energy are spent on something that counts inside this book you will learn how to identify whether your job is truly meaningful or just busywork the psychological and emotional impact of pointless work strategies to survive and cope in roles that feel meaningless how to transition toward work that provides purpose and satisfaction ways organizations and policymakers can reduce bullshit jobs and improve workplace impact

in the near future all of humanity's needs are administered by a godlike artificial intelligence called azoth and it's cassandra price's humiliating job to do tech support on it the advent of azoth has deepened inequality and robbed humanity of its soul but cassandra's life changes when she finds herself dragged violently into azoth itself manifested as a secret digital world beneath our own one built on a combination of magic and metadata there she encounters a group of apparently magical girls locked in a war with mysterious monsters for the power to fix the world if only they could agree on what the world should be why was she chosen what is the omnipotent hermeticorp up to who created the azoth world and who are these girls anyway

a fresh funny and insightful novel about what it really means to be friends forever from the acclaimed author of bond girl and on the rocks all through childhood and adolescence jane cara and meg swore their friendship would stand the test of time nothing would come between them they pledged but once they hit their twenties life got more complicated and the bffs began to grow distant when jane eloped with her slick wealthy new boyfriend and didn't invite her oldest friends to the ceremony the small cracks and fissures in their once rock solid relationship became a chasm that tore them apart ten years later when her husband is arrested and publically shamed for defrauding his clients jane realizes her life among the one percent was a sham penniless and desperate deserted by the high society crowd who turn their surgically perfected noses up at her she comes crawling back to her childhood friends seeking forgiveness but cara and meg have troubles of their own one of them is trapped in a bad marriage with an abusive husband while the other can't have the one thing she desperately wants a baby yet as much as they'd love to see jane get her long overdue comeuppance cara and meg won't abandon their old friend in her time of need the story of three friends who find themselves on a laugh out loud life adventure lost along the way illuminates the moments that make us the betrayals that break us and the power of love that helps us forgive even the most painful hurts

in 1963 jane roberts met a spiritual entity named seth he spoke through her and the lessons he taught proved timeless and crucial from 1968 to 1975 roberts held an esp class during which she channeled seth susan watkins was a member of that class the knowledge gained from seth helped watkins and her classmates face serious illness painful relationships financial hardship and natural catastrophe it also changed their lives in addition to being a well written highly entertaining historical account of the late jane roberts and her class conversations with seth reveals the profound insights discovered by class members insights into the origin of both the troubling and triumphant events in our lives and into the vast nature of human consciousness roberts seth material is consistently one of the top two most visited collections at the yale university archives the story that launched the new age movement

it was the autumn of 1967 the marines barricaded at khe sanh were surrounded by four divisions of nva rockets and long range artillery pounded them for seventy seven days this is the story of one commanding officer's experience of that siege
